INSCRIPTIONS

Sampling and Reconciliation 2023 is an event of great relevance in the mining sector and offers diverse opportunities generating technical and commercial networking with a highly specialized audience. You will have the opportunity to participate in an International Congress that will bring together the main decision makers in large mining companies in the country. This event is organized by InterMet, a leading company in the region with more than 13 years of experience creating networking spaces and organizing mining congresses of high scientific quality.
